

Sirtembekile Tini

Fullstack Developer

I am a hardworking and have impeccable work ethic. I possess strong technical skills as well as excellent interpersonal abilities, enabling me to interact effectively with a wide range of clients. I am eager to embrace new challenges that will allow me to grow and further develop my skills. My greatest passion is using my technical expertise to benefit people and organizations.

Employment History

Graduate Tutor at Nelson Mandela University, Uitenhage

MAY 2022 – NOVEMBER 2023

1. Guided first and second year students through technical projects in collaboration with a fellow mentor.
2. Assisted students in successfully completing weekly programming practicals in c# assigned by their lecturer.

Full-Stack Developer (Freelance) at Self-Employed / Freelance, Remote

NOVEMBER 2024 – PRESENT

- Developed a tennis website for clients seeking funding to construct tennis courts and accept donations for tennis equipment.
- Designed and built a responsive, user-friendly interface using React.js, HTML, CSS and JavaScript.
- Implemented a backend with Node.js and MySQL, handling form submissions, donations, and content management.
- Ensured the website was fully optimized for performance, responsiveness, and accessibility.

Education

Diploma in Information Technology (Software Development) at Nelson Mandela University, Port Elizabeth

FEBRUARY 2017 – MAY 2022

Graduated with a Diploma in Information Technology (Software Development) from Nelson Mandela University, achieving 6 distinctions out of 7 in my final year.

Marymount RC Secondary School, Uitenhage

JANUARY 2012 – NOVEMBER 2016

Matriculated with an overall average of 61%

Internships

Full-Stack Developer Intern at Prodigy InfoTech, Remote

NOVEMBER 2024 – DECEMBER 2024

- Implemented a secure user authentication system with JWT-based login and registration, enabling users to sign up, log in securely, and access protected routes after successful authentication.
- Developed a CRUD-based employee management system for administrators, incorporating form validation, authentication mechanisms, and role-based access control to protect sensitive employee data.
- Built a fully functional e-commerce platform for a local store, featuring product listings with images, descriptions, and prices, along with shopping cart and checking out system for seamless customer purchases.
- Applied React.js, Node.js, Express.js, and MongoDB to build scalable and responsive web applications.
- Ensured security best practices, including data validation, encryption, and API security, to enhance system integrity and prevent unauthorized access.

During my internship at Prodigy InfoTech, I had the opportunity to work on a variety of projects that challenged my skills and allowed me to learn from experienced developers. I was responsible for developing and maintaining web applications, collaborating with the team, and ensuring the quality of the code. The experience was invaluable in understanding the real-world application of web development concepts.

I was able to apply my knowledge of JavaScript, React, and Node.js to build a secure user authentication system, which was a significant achievement. I also learned about the importance of security best practices and how to implement them in a real-world application. The internship provided me with a solid foundation in full-stack development and a deeper understanding of the software development process.

Overall, my internship at Prodigy InfoTech was a great experience that allowed me to gain practical experience in web development. I learned a lot about the industry and the importance of security in web applications. I am grateful for the opportunity and the support of the team. I am confident that the skills I gained during my internship will be valuable in my future career.

I am proud to have completed my internship at Prodigy InfoTech and to have gained the experience and skills that will help me in my future career. I am grateful for the opportunity and the support of the team. I am confident that the skills I gained during my internship will be valuable in my future career.
